

Inverter

LSCONTROL

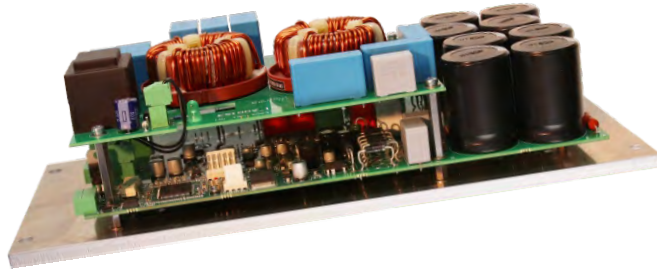

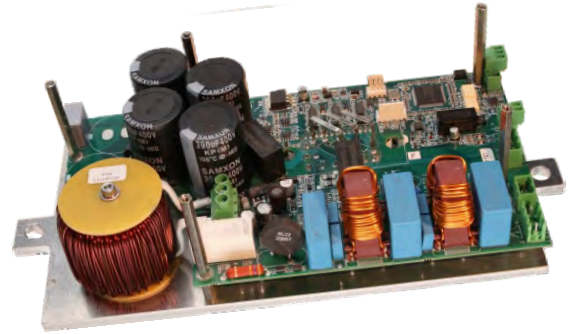

A Wide Range of Standard Inverters

SpeedControl 1145

1 x 230V supplied

Available for compressor motors up to 3000W

Compressor use max 3 x 16A

SpeedControl 1002

3 x 400V supplied

Available for compressor motors up to 7500W

Compressor use max 3 x 16A

Exists in a Variety of Models

Without enclosure

With enclosure

Vertical cooling fins

Horizontal cooling fins

Cold plate - cooling with air

For use with R290 compressors

and more

Let us assist you with finding the right solution for your project within our existing base models.

All projects are unique so special assembly and requirements are always in play.

Please contact us for further discussion.
